RES
2025

The diagram illustrates a complex geometric figure composed of several rectangles. The central vertical stack consists of six rectangles: I (cyan, 8x14, area 112), E (cyan, 14x10, area 140), H (green, 16x10, area 160), D (red, 5x16, area 80), C (red, 30x16, area 480), and B (green, 16x16, area 256). To the left of this stack is a large pink rectangle A (30x16, area 480). To the right is a blue rectangle G (6x12, area 72). Above the stack is a yellow rectangle F (2x4, area 8). Below the stack is a green rectangle J (6x12, area 72). To the right of the stack is a blue rectangle K (6x12, area 72). To the left of the stack is a green rectangle L (6x12, area 72). To the right of the stack is a blue rectangle M (6x12, area 72). To the left of the stack is a green rectangle N (6x12, area 72). To the right of the stack is a blue rectangle O (6x12, area 72). To the left of the stack is a green rectangle P (6x12, area 72). To the right of the stack is a blue rectangle Q (6x12, area 72). To the left of the stack is a green rectangle R (6x12, area 72). To the right of the stack is a blue rectangle S (6x12, area 72). To the left of the stack is a green rectangle T (6x12, area 72). To the right of the stack is a blue rectangle U (6x12, area 72). To the left of the stack is a green rectangle V (6x12, area 72). To the right of the stack is a blue rectangle W (6x12, area 72). To the left of the stack is a green rectangle X (6x12, area 72). To the right of the stack is a blue rectangle Y (6x12, area 72). To the left of the stack is a green rectangle Z (6x12, area 72).
