The diagram shows a 3D object composed of several colored faces with numerical labels. The faces are:

- Yellow faces:**
 - A small square with '3' on top and '2' on the bottom.
 - A small square with '4'.
- Green face (E):** A large vertical rectangle with '10' at the top, '37' on the left, and '10' at the bottom.
- Red faces:**
 - Face D: A rectangle at the top with '12' on the left, '12' at the top, '12' on the right, and 'D' in the center.
 - Face C: A rectangle below D with '15' on the left, '14' at the top, '15' on the right, and 'C' in the center.
 - Face B: A rectangle to the right of C with '10' at the top, '15' on the left, '15' on the right, and 'B' in the center.
 - Face A: A large rectangle below C and B with '22' on the left, '24' at the top, '22' on the right, and 'A' in the center.
 - Face F: A rectangle at the bottom with '18' on the left, '24' at the top, '18' on the right, and 'F' in the center.
- Other labels:**
 - '24' is written below face F.
 - '18' is written below the left side of face F.

The diagram shows a 3D structure composed of several colored blocks. A yellow block with the number 4 is positioned at the top left. Below it, a green block with the number 37 and the letter E is visible. To the right of the green block is a red block with the number 10 and the letter D. Further right is a red block with the number 12 and the letter B. Below the red block with 10 and D is a red block with the number 15 and the letter C. To the right of the red block with 15 and C is a red block with the number 15 and the letter B. Below the red block with 15 and C is a red block with the number 18 and the letter F. To the right of the red block with 18 and F is a red block with the number 18. Above the red block with 18 and F is a red block with the number 24 and the letter A. To the right of the red block with 24 and A is a red block with the number 22. Below the red block with 24 and A is a red block with the number 24. The entire structure is surrounded by a black border.
