The diagram shows a 2D coordinate system with a grid. The x-axis is labeled with 6, 12, and 14. The y-axis is labeled with 6, 12, 13, 14, 16, and 26. The regions are defined as follows:

- Region A (blue):** A square with side length 14, located in the bottom right. Its bottom-left corner is at (12, 6) and its top-right corner is at (26, 20).
- Region B (red):** A square with side length 6, located in the bottom left. Its bottom-left corner is at (6, 6) and its top-right corner is at (12, 12).
- Region C (green):** A square with side length 6, located in the middle left. Its bottom-left corner is at (6, 12) and its top-right corner is at (12, 18).

The diagram is labeled with dimensions and coordinates. The top-left corner is at (0, 0). The top-right corner is at (32, 26). The bottom-left corner is at (6, 6). The bottom-right corner is at (26, 20). The diagram is labeled with dimensions and coordinates.
