RES
2025

The diagram shows a composite figure consisting of several rectangles. A blue rectangle labeled B has a width of 22 and a height of 26. To its right is a pink rectangle labeled A with a width of 48 and a height of 26. A green rectangle labeled C is attached to the top of rectangle A, with a width of 10 and a height of 14. A green rectangle labeled D is attached to the bottom of rectangle A, with a width of 6 and a height of 10. A yellow rectangle with the number 2 is positioned above rectangle C.
