RES
2025

The diagram illustrates a large pink polygon (A) composed of several colored rectangles. The dimensions and area calculations are as follows:

- Red Rectangle (Top Left):** Dimensions 8 (width) and 25 (height). Area = 200.
- Green Rectangle (Top Right):** Dimensions 12 (width) and 14 (height). Area = 168.
- Yellow Rectangles (Left):**
 - Top: Dimensions 5 and 2. Area = 10.
 - Middle: Dimensions 3 and 4. Area = 12.
 - Bottom: Dimensions 4 and 3. Area = 12.
- Green Rectangle (Bottom Left):** Dimensions 8 (width) and 14 (height). Area = 112.
- Green Rectangle (Bottom Right):** Dimensions 32 (width) and 8 (height). Area = 256.
- Pink Polygon (A):** The central area, composed of several rectangles. Dimensions include 14, 16, 28, 18, 10, 7, 8, 4, 5, 3, and 14. Area = 1008.

The total area of the figure is 1008.
