2

Diagram of a rectangular prism with dimensions 2, 5, and 20. The front face is a rectangle with height 2 and width 20. The depth is 5. The top face is a rectangle with width 20 and depth 5. The right face is a rectangle with height 2 and depth 5. The bottom face is a rectangle with width 20 and depth 5. The left face is a rectangle with height 2 and depth 5.

The diagram illustrates a 2D array layout with dimensions 2 (rows) by 5 (columns). The array is divided into three colored regions: a green region (top-right), a pink region (bottom-left), and a blue region (bottom-right). The green region is labeled 'E' and has dimensions 20 (width) by 12 (height). The pink region has a width of 42. The blue region has a width of 14 and a height of 12. A small red region is located between the pink and blue regions, with a width of 5 and a height of 12. The total width of the array is 5, and the total height is 2.
