RES
2024

The diagram shows a complex polygon with the following dimensions and internal structure:

- Region A (Pink):** A large central rectangle with a width of 48 and a height of 27.
- Region B (Blue):** A rectangle to the right of A, with a width of 30 and a height of 24. Its left side is aligned with the right side of A.
- Region D (Green):** A rectangle above the left side of A, with a width of 36 and a height of 20.
- Region F (Green):** A rectangle to the right of D, with a width of 8 and a height of 14. Its bottom side is aligned with the top side of A.
- Region E (Green):** A small rectangle above the top-left corner of B, with a width of 8 and a height of 5.
- Region C (Green):** A rectangle below the bottom-left corner of A, with a width of 18 and a height of 6.
- Region G (Yellow):** A small square at the top center, with a side length of 4.

Additional dimensions and labels include:

- A vertical dimension of 36 on the left side of D.
- A vertical dimension of 8 between the top of A and the bottom of F.
- A vertical dimension of 27 on the left side of A.
- A vertical dimension of 27 on the left side of B.
- A vertical dimension of 24 on the right side of B.
- A horizontal dimension of 30 below B.
- A horizontal dimension of 48 below A.
- A horizontal dimension of 36 on the left side of F.
- A horizontal dimension of 8 on the right side of F.
- A horizontal dimension of 5 on the left side of E.
- A horizontal dimension of 5 on the right side of E.
- A horizontal dimension of 6 on the left side of C.
- A horizontal dimension of 6 on the right side of C.
- A horizontal dimension of 18 below C.
- A horizontal dimension of 14 on the right side of F.
