Diagram illustrating a 3D coordinate system with three planes (A, B, and C) and their dimensions and positions relative to the origin.

- Plane A (Pink):** A square with side length 36. Its bottom-left corner is at (5, 0, 0) and its top-right corner is at (41, 10, 10). The distance from the origin to the bottom-left corner is 5. The distance from the origin to the top-left corner is 10. The distance from the origin to the top-right corner is 41.
- Plane B (Red):** A rectangle with dimensions 10 by 41. It is attached to the top edge of Plane A. Its bottom-left corner is at (5, 0, 0) and its top-right corner is at (41, 10, 10). The distance from the origin to the bottom-left corner is 5. The distance from the origin to the top-left corner is 10. The distance from the origin to the top-right corner is 41.
- Plane C (Green):** A rectangle with dimensions 12 by 21. It is attached to the top edge of Plane B. Its bottom-left corner is at (5, 0, 0) and its top-right corner is at (41, 10, 10). The distance from the origin to the bottom-left corner is 5. The distance from the origin to the top-left corner is 10. The distance from the origin to the top-right corner is 41.
