The diagram consists of several interconnected geometric shapes, each with a unique color and associated numbers. The shapes are labeled A through G. The numbers are placed around the shapes, often indicating lengths or areas. The shapes are arranged in a complex, non-linear fashion, with some shapes overlapping or adjacent to others. The colors used are yellow, green, blue, pink, and red. The numbers are in black text, with some numbers appearing inside the shapes and others outside. The overall layout is a collection of these shapes and numbers, with no clear grid or coordinate system.
