The diagram consists of several interconnected geometric shapes, primarily rectangles and a large triangle, with various numbers placed at vertices and along edges. The shapes are color-coded: yellow, green, blue, pink, and red.

- Yellow shapes:** Several small rectangles are scattered around the main figure, containing the numbers 5, 4, 3, 8, 2, 7, and 6.
- Green shapes:**
 - Shape C:** A vertical rectangle on the left, labeled 'C' at the bottom right. It has a height of 33 and a width of 6. The top-left corner is labeled 6.
 - Shape D:** A horizontal rectangle below Shape C, labeled 'D' at the bottom right. It has a height of 20 and a width of 12. The top-left corner is labeled 6, and the top-right corner is labeled 6.
 - Shape F:** A small triangle to the right of Shape D, labeled 'F' at the bottom right. It has a base of 7 and a height of 9.
 - Shape G:** A triangle at the bottom, labeled 'G' at the bottom right. It has a base of 7 and a height of 20. The top-left corner is labeled 34, and the top-right corner is labeled 28.
- Blue shape:** A large rectangle labeled 'B' at the bottom right. It has a height of 24 and a width of 24. The top-left corner is labeled 6, and the top-right corner is labeled 32.
- Pink shape:** A large rectangle labeled 'A' at the bottom right. It has a height of 46 and a width of 26. The top-left corner is labeled 26, and the top-right corner is labeled 8.
- Red shape:** A large triangle labeled 'E' at the bottom right. It has a base of 31 and a height of 33. The top-left corner is labeled 22, and the top-right corner is labeled 22.
